

PATIENT MEDICATION CARD

It is important to know which medications you take and how to take them. MedCentral Health System has provided this card for you to carry in your wallet. *CARRY THIS CARD AT ALL TIMES.* It contains important information that is useful to your physician and pharmacist. Make sure to update this card with any **NEW** medications or **CHANGES** in the medications your physician prescribes.

FOR EACH MEDICATION YOU SHOULD KNOW:

- The name of the medication
- Why you take it
- Your Dosage
- When to take it
- What it looks like
- The most common side effects
